## **Respect for the Individual:**

We promote mutual respect and encourage dignity in all. We use modern systems and processes in providing efficient logistics solutions to our customers.

# Company Information

Addressing today's energy challenges while investing in solutions for the future.

## REFUELING ENERGY DEMAND

**MG PETRO** is a U.S.-registered company, with a strategic focus on the oil and gas sector. Led by a team of seasoned professionals with extensive experience in both the oil and gas industry and finance, the company draws on decades of expertise in both domestic and international markets.

The company was founded by individuals with profound experience in oil supply and trading, as well as offshore and onshore support services, such as offshore vessel provisioning and equipment supply.

Prior to the establishment of **MG PETRO**, the founding principals were deeply involved in gold trading and provided critical support services—ranging from brokerage and logistics to handling and procurement—across multiple business entities operating within the mineral and petroleum sectors. This diverse expertise and business acumen shape the company's corporate philosophy.

**MG PETRO** is unwavering in its commitment to the pursuit of excellence, aiming not only to meet but to exceed the expectations of both current and prospective clients. The company places a strong emphasis on addressing client concerns with the highest standards of business ethics, professionalism, and integrity. As a supply and trading entity in a rapidly evolving market, **MG PETRO** has developed an innovative business model designed to adapt to the dynamic demands of the industry.

## Company Overview Continues.....

This business model centers on employing forward-thinking strategies to open new markets while simultaneously carving out a distinctive niche within the oil and gas industry. The overarching goal is to ensure the long-term sustainability of the sector while preserving core business values.

In the ever-changing oil and gas sector, stakeholders must be agile in responding to shifts in economic and political landscapes. Such changes often introduce complex challenges and necessitate bespoke solutions, which can result in delays—particularly for industry participants focused on bridging supply chain gaps.

To remain ahead of these challenges, **MG PETRO** has cultivated strong alliances with industry experts, ensuring that the company stays well-informed and prepared to navigate shifting circumstances. This proactive approach empowers the company to structure transactions efficiently and create synergistic opportunities within its oil and gas trading operations.

Through experience, it has been proven that the foundation of a successful trading strategy lies in the expert utilization of information and strategic planning. By applying these principles, the company can position itself advantageously, creating opportunities for industry participants to maneuver the market with ease and precision.

Petroleum will  
continue to provide  
the largest share of  
total energy supplies  
for decades to come as  
global demand for  
energy continues to  
grow.

# Buying from producers and delivering to refiners, wholesalers and distributors

By leveraging well-structured trade finance and other tailored funding solutions, **MG PETRO** seeks to foster long-term, strategic partnerships while facilitating the seamless supply of products to end-users across its operational regions. The company firmly believes that the cornerstone of success in oil and gas trading is robust financial support and technical expertise—qualities embodied by its leadership team.

Additionally, the company emphasizes fair and prudent risk-sharing arrangements with its partners, ensuring a balanced, equitable, and mutually beneficial relationship.

In this regard, **MG PETRO** has developed a framework that supports sustainable, mutually rewarding business partnerships. By converting all credit risk into performance risk, the company effectively eliminates uncertainties surrounding liability in the event of default or force majeure. This strategic approach enables the company to focus fully on maintaining operational integrity, ensuring adherence to all contractual obligations and business processes with the highest level of precision and diligence. With a focus on risk management, transparency, and sustainability, we deliver value-driven services to clients across diverse industries, fostering long-term partnerships built on trust and performance.

Our oil trading services encompass a comprehensive range of solutions designed to meet the dynamic needs of the global energy market. We specialize in the procurement, trading, and supply of crude oil and refined products, offering end-to-end support from sourcing to delivery. Our expertise spans both onshore and offshore operations, providing strategic advisory, logistics, and tailored financing solutions to ensure efficient and reliable transactions.

# 2025 ONWARDS: THE FUTURE BUSINESS PLANS OF OUR COMPANY

The company aims to expand its operations by acquiring a fleet of oil and gas vessels to support its trading activities. This strategic initiative will allow **MG PETRO** to vertically integrate its current business model, particularly in providing bunkering services to shipowners operating in the US and globally. Additionally, the company is actively capitalizing on the local content regulations in US to participate in the upstream segment of the US oil and gas industry, an area historically dominated by foreign companies.

Leveraging the expertise of its experienced staff, **MG PETRO** plans to engage in all facets of exploration and production within its areas of interest, while also offering support services to the gold and mineral sectors. The company is particularly focused on deep underground gold exploration and production, with plans to acquire specialized supply vessels to support these operations.

**MG PETRO** aims to become a leading provider of marine services to the oil and gas industry in the USA, offering reliable, high-quality service with a strong global presence. The company will collaborate with key industry players, including host governments and local communities, to introduce new technologies, expertise, and innovation that maximize returns while minimizing risks.

To drive this expansion, **MG PETRO** plans to assemble a team of seasoned professionals with decades of industry experience to lead these initiatives. This new business arm is expected to commence operations in the near future, contingent upon favorable conditions.

In addition, the company intends to participate in the development of underutilized marginal fields with high potential but currently stalled due to a lack of available funding and technical resources. **MG PETRO** will explore strategic partnerships with operators to support these ventures, enabling mutual benefits. Through these collaborations, the company plans to become fully involved in both the technical and commercial aspects of these projects, eventually assuming full control as the ventures mature.

# Project Management Process Policy:

The information within this document is intended to sum the Project Management Manual of **MG PETRO** and aims to provide detailed information and instructions relevant to the execution of our contracts.

The process flow is thus:

- ✓ Defining and understanding the project scope.
- ✓ Engaging a seasoned project Manager, Project Engineers & Experience Operatives.
- ✓ Ensuring adequate Project Planning, budgeting & cost control.
- ✓ Ensuring adequate project programming & monitoring
- ✓ Ensuring provision of quality workmanship & materials
- ✓ Ensuring timely completion of projects.

## Quality Assurance, Health, Safety & Environment (HSE) Policy

This document serves as a summary of the HSE & QA Manual for **MG PETRO**, outlining key information and instructions essential to the effective execution of our contracts.

### Quality Policy

**MG PETRO** is dedicated to delivering exceptional quality, innovation, and excellence in all our operations. We aim to consistently meet and exceed both the expressed and latent needs of our customers.

### HSE Policy

**MG PETRO** is committed to fostering a work environment free from risk, safety hazards, and health concerns. We prioritize the well-being of our employees, stakeholders, and the wider community, ensuring the highest standards of health, safety, and environmental protection in all our activities.

# ADMINISTRATIVE POLICY

## HOW TO WIN EVERY TIME AND WITHOUT RISKING YOUR CAPITAL

**MG PETRO** is an equal opportunity employer and upholds a strong commitment to diversity, with no discrimination based on gender, ethnicity, or race. Our administrative policy is built on the following key principles:

- ✓ Recruiting and retaining skilled professionals with high standards of integrity.
- ✓ Promoting ethical behavior and maintaining good conduct among all employees.
- ✓ Ensuring proper documentation, verification, and control processes.
- ✓ Safeguarding the integrity of relationships between MG PETRO and its clients, ensuring that these partnerships are never compromised.
- ✓ Fostering positive relationships with the host community.
- ✓ Maintaining a clean, safe, and welcoming working environment, whether in the office, on-site, or in the workshop.
- ✓ Offering fair rewards and incentives to employees who deliver exceptional service.

### Local Content Policy

In alignment with global best practices for local content development, MG PETRO, as an indigenous company, has established the following framework to support the policy's implementation:

MG PETRO will prioritize sourcing goods and services locally, particularly from the host community, whenever feasible. When local options are unavailable, imports will be considered.

When required, MG PETRO will actively engage with the local community through dedicated community relations personnel to offer support and collaboration.

The company is committed to environmental sustainability and will actively avoid actions that could lead to pollution, environmental hazards, or degradation.

Through these initiatives, MG PETRO strives to contribute to both the economic and social development of the communities in which it operates, while ensuring the responsible management of resources and environmental impact.

## THE COMPANY

**"Empowering Global Energy Markets with Integrity and Innovation."**

**MG PETRO** has been strategically structured to consistently capitalize on the abundant opportunities within the U.S. refinery sector. This positioning is supported by the company's strong foundation and a history of responsiveness, agility, and continuous improvement. The leadership has remained steadfast in its focus on results, with a strong emphasis on teamwork and a collaborative decision-making process. Most decisions are made using a committee approach, drawing on the diverse expertise of the team. Challenges are addressed from a cross-disciplinary perspective, guided by the principals' belief that practical experience and early insights are invaluable in navigating the complexities of a diverse business environment.

The company is committed to building long-term relationships with both customers and suppliers. These relationships enhance our global intelligence capabilities, allowing us to anticipate and interpret shifting economic and political forces and respond swiftly and effectively.

Our management team comprises seasoned professionals with specialized expertise in oil transportation, distribution, and trading. Their individual strengths are bolstered by a strong sense of teamwork, which has been integral to the company's success. This collaborative spirit is a cornerstone of our approach, driving effective communication and cooperation across all levels of the business.

The firm's continued success and survival in the industry have been driven by its long-standing relationships with prominent industry players, including managers, consultants, suppliers, financial partners, and staff. These relationships have enabled us to maximize synergies, enhance service offerings, and maintain competitive advantage in the marketplace.

**MG PETRO** is committed to fostering a dynamic and adaptable business model, with the ability to assess situations from multiple perspectives. This approach ensures that the company is well-equipped to identify solutions and mitigate obstacles effectively. The strength of our leadership team, combined with our collaborative approach, has positioned us to offer high-quality, competitive services while driving sustainable growth and success in the oil and gas sector.

# Disclaimer for MG Petro Company Documents

The following disclaimer applies to all documents, reports, agreements, contracts, communications, and other materials (collectively referred to as "Documents") provided by [MG PETRO INC.] ("the Company," "we," "us," or "our") to clients, partners, or any third parties. By accessing or reviewing these Documents, you acknowledge and agree to the following terms:

## Legal Disclaimer:

### Disclaimer for MG Petro Inc. Oil and Gas Trading Company Documents

#### 1. No Warranties or Representations

The Documents provided by the Company are for informational purposes only. While the Company endeavors to ensure that all information contained within these Documents is accurate, reliable, and up-to-date, no warranty, express or implied, is made regarding the accuracy, completeness, or timeliness of the information. The Company does not guarantee the correctness of any figures, projections, or forecasts contained in these Documents, and any reliance on the information is at your own risk.

#### 2. Not Investment, Trading, or Legal Advice

The Documents do not constitute investment, trading, legal, or financial advice. They should not be construed as a recommendation or offer to buy or sell any financial instruments, oil or gas commodities, securities, or other assets. If you seek specific investment, legal, or tax advice, you should consult with a qualified professional.

#### 3. Risk Disclosure

Oil and gas trading, as well as other commodity trading, involves inherent risks, including the potential for significant financial loss. All transactions carried out based on information in these Documents are done at your own risk, and you are solely responsible for your investment decisions. The Company does not assume any responsibility for losses incurred as a result of acting on the information provided.

#### 4. Market Volatility and External Factors

The content within these Documents may reference market conditions, trends, or data points, which are subject to change without notice due to various external factors (e.g., political events, regulatory changes, economic conditions, supply and demand shifts, etc.). The Company is not responsible for any changes in market conditions, price fluctuations, or unforeseen circumstances affecting the performance of commodities or financial instruments discussed in the Documents.

#### 5. No Guarantee of Future Results

Any statements, projections, or forecasts contained within these Documents are based on certain assumptions and data available at the time of publication. However, no guarantee or assurance is made that future results will align with past performance or any projections included. The Company expressly disclaims liability for any discrepancies between forecasted and actual outcomes.

#### 6. Limitation of Liability

To the fullest extent permitted by applicable law, [MG PETRO INC.], its affiliates, employees, officers, directors, and agents shall not be held liable for any loss, damage, claim, expense, or liability (whether direct, indirect, special, consequential, incidental, or punitive) arising out of or in connection with the use of these Documents or any reliance placed on their content. This includes, but is not limited to, any loss of profits, data, or opportunities, even if the Company has been advised of the possibility of such damages.

#### 7. Confidentiality and Proprietary Information

The Documents may contain confidential or proprietary information of the Company, including trade secrets, market insights, or intellectual property. By receiving or reviewing the Documents, you agree not to disclose, distribute, or use any confidential information without the prior written consent of the Company, except as may be required by law.

#### 8. Third-Party Information and External Links

The Documents may contain information or references to third-party sources, including market data, research, or other external materials. The Company makes no representations or warranties regarding the accuracy, completeness, or reliability of such third-party information, and the inclusion of any third-party content does not imply endorsement by the Company.

#### 9. Legal Compliance and Regulatory Adherence

The Company is committed to complying with all applicable local, national, and international laws, regulations, and industry standards. However, it is your responsibility to ensure that any transaction, action, or decision made based on the Documents complies with the laws and regulations in your jurisdiction.

#### 10. No Modification of Terms

No information or provision within these Documents shall be considered as a modification or waiver of any terms, conditions, or obligations outlined in any formal agreement between the Company and the recipient unless explicitly stated in writing.

#### 11. Indemnification

You agree to indemnify, defend, and hold harmless [MG PETRO INC.] and its affiliates, officers, directors, employees, and agents from any and all claims, damages, losses, liabilities, costs, and expenses (including legal fees) arising out of or related to your use, interpretation, or reliance on the Documents.

#### 12. Changes to Documents and Disclaimer

The Company reserves the right to modify, amend, or update these Documents, including the terms of this disclaimer, at any time. Any such modifications will be effective upon publication of the revised Documents. It is your responsibility to regularly review the Documents and disclaimer for updates.

#### Acknowledgment of Receipt

By reviewing, accessing, or utilizing these Documents, you acknowledge that you have read, understood, and agree to the terms of this Disclaimer. If you disagree with any part of this Disclaimer, you should immediately cease using the Documents and notify the Company.
